

All the things you can do with the Kenya Kids CAN

Your kids can . . .

Organize a lemonade stand and collect the proceeds in a Kenya Kids CAN to sponsor lunch and computer classes for one student for \$25 for a full year. The best part is that your kids are helping other kids, they're learning about another culture, and they're discovering how to make a difference through generosity.

Dedicate one birthday to using Kenya Kids CANs as a party favor and asking party guests to fill and return the cans. One birthday can make a big difference, not only in the daily lives of Kenyan students, but in the lives of your child's friends and family.

Your family can . . .

Deposit your pocket change throughout the year in a family-size Kenya Kids CAN and collect enough change to sponsor a dozen students, providing lunches and computer classes for 12 students at a school for \$25 a month.

Your children's ministry can . . .

Choose Kenya Kids Can as the ministry focus for this year's Vacation Bible School fundraiser and see which children can raise the most pocket change using their CAN. Hear how a church featured Kenya Kids Can as a cultural learning opportunity and a fun competition between students to raise awareness and money, purchasing githeri for thousands of Kenyan students.

Conduct a CAN drive for a Sunday School project or this year's harvest festival. Your Sunday School can adopt a Kenyan school, and you can download all the resources for planning. The Kenya Kids CAN provides your students with a craft project and a lesson about stewardship. One Sunday can raise enough money to buy githeri (maize and beans) for one month of lunches for a school in Kenya.

Your church can . . .

Feature Kenya Kids Can during your missions festival and collect pocket change through a CAN Drive to sponsor a teacher in one of our computer centers for \$275 per month.

Your business can . . .

Schedule a workplace giving campaign that allows all your staff to collaborate together in a CAN Drive that can raise the funds needed to sponsor the lunch and computer programs at an entire school with:

- 250 students for \$521/month
- 700 students for \$1,458/month
- 1,800 students for \$3,750/month

**All the resources you'll need to organize and promote your
Kenya Kids CAN Drive are available at**
